

Could your business support survivors?

For over 20 years we have worked tirelessly to support survivors of domestic abuse in Middlesbrough. We believe that given the right resources, everyone has the capability to thrive. Last year, we received over 5,500 referrals and we expect that number to increase. In total, last year we supported 4,572 people through our main support service to begin healing from trauma.

Do you want to help us to create safer communities where everyone can live free from domestic abuse, violence against women, and sexual violence? Do you want to help families to move from surviving to thriving?

If you answered yes, then we want to hear from you. Contact us today to discuss our corporate support package.
